

Disable users OpenVPN

System>Trust>Revocation> Edit

Description: tên Revo, ví dụ test1

Revocations per type: chọn theo nhu cầu, ví dụ Cert Hold> chọn đúng tên user > Apply

The screenshot shows the 'Revocations per type' form. It includes fields for 'Method' (Internal), 'CA reference' (6), 'Description' (test1), 'Serial' (0), and 'Lifetime (days)' (9999). Below these is a section titled 'Revocations per type' with a dropdown menu. A red arrow points to the 'Description' field. Another red arrow points to the 'Certificate Hold' option in the dropdown menu. A third red arrow points to the 'test1' entry in the dropdown menu. At the bottom is an 'Apply' button.
